## Description

Statfree® Dissipative Spray Buff is a ready-to-use product specifically designed to use with floors treated with Statguard® Dissipative Floor Finish. Statfree® Spray Buff cleans away surface soils and marks, while repairing ground-in scratches and scuffs. Spray Buff renews the surface and brings back the gloss to a protected floor. Statfree® Spray Buff can also be used to protect expensive conductive floors.

## General Guidelines

Regular intervals of spray buffing will help to maintain floors treated with Statguard® Floor Finish at peak performance and appearance. Spray buffing with Statfree® Dissipative Spray Buff will remove marks and light surface soil while reviving the high gloss and electrical properties of the treated surface.

## Application
